Our Life is Love describes the transformational spiritual journey of the first Quakers, who turned to the Light of Christ within and allowed it to be their guide. Many Friends today use different language, but are still called to make the same journey. In our time people seeking deeper access to the profound teachings of Christianity want more than just beliefs, they want direct experience. Focusing on ten elements of the spiritual journey, this book is a guide to a Spirit-filled life that affects this world. Quakers in the seventeenth century and today provide

The book offers a simple, clear explanation of the spiritual journey that is suitable not only for Quakers, but for all Christians, and for seekers wanting to better understand our spiritual experience and the fullness of God's call to us. The book would make an excellent focus for study groups. Marcelle Martin has led workshops at retreat centers and Quaker meetings across the United States. Issue IV (Paperback) Xulon Press

A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to "put America's interests first—and that means doing what's right for our economy, our national security, and our public safety." Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and people said, "Merry Christmas!" The media scoffed at Trump's vision and the people who supported him; they were blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, "Donald Trump heard a voice in this country that no one else heard." As Trump says in *Time to Get Tough*, "I've built businesses across the globe. I've dealt with foreign leaders. I've created tens of thousands of American jobs. My whole life has been about executing deals and making real money—massive money. That's what I do for a living: make big things happen..." Trump is about to make

the biggest deals of his life, and he's going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America "doesn't need cowardice, it needs courage." President Elect Trump is about to "Make America Great Again" and Time to Get Tough is his blueprint!

First published in 1980, this book surveys Dickens' growing power to drive deep into the causes of his contemporary conditions. It reveals the importance of nature to Dickens as a rich metaphor of human freedom and potentiality, and emphasises his concern with time and the problems of freedom. The author considers the peculiarity of Dickens being unanimously acclaimed as a great writer considering the difficulty in placing him definitively within the literary tradition. The author

argues Dickens was an isolated figure, indifferent to changing fashions and with a strong sense of the dignity of human nature and that this formed the basis of his character and writings.
