"Powerful . . . equal parts heartwarming and heart-wrenching. White is a gifted storyteller."

—Washington Post From the streets of Baltimore to the halls of the New Mexico Philharmonic, a musician shares his remarkable story in *I'm Possible*, an inspiring memoir of perseverance and possibility. Young Richard Antoine White and his mother don't have a key to a room or a house. Sometimes they have shelter, but they never have a place to call home. Still, they have each other, and Richard believes he can look after his mother, even as she struggles with alcoholism and sometimes disappears, sending Richard into loops of visiting familiar spots until he finds her again. And he always does—until one night, when he almost dies searching for her in the snow and is taken in by his adoptive grandparents. Living with his grandparents is an adjustment with rules and routines, but when Richard joins band for something to do, he unexpectedly discovers a talent and a sense of purpose. Taking up the tuba feels like something he can do that belongs to him, and playing music is like a light going on in the dark. Soon Richard gains acceptance to the prestigious Baltimore School for the Arts, and he continues thriving in his musical studies at the Peabody Conservatory and beyond, even as he navigates racial and socioeconomic disparities as one of few Black students in his programs. With fierce determination, Richard pushes forward on his remarkable path, eventually securing a coveted spot in a symphony orchestra and becoming the first African American to earn a doctorate in music for tuba performance. A professor, mentor, and motivational speaker, Richard now shares his extraordinary story—of dreaming big, impossible dreams and making them come true.

The impossible made possible! A book that releases its readers from fixated perceptions and provides techniques for finding creative solutions that are easy to realize. In the face of the "impossible" approach, Yarin Kimor posits the unbearable simplicity of the solution. In this book you will learn, in a manner that is serious and entertaining at once: How to realize the creativity that is within you and come up with original ideas at your work, studies, and social and family life. How to initiate, lead the way, and burst forward. How to deal with the fear of changing and "go against the

grain" in the face of your boss, colleague, and/or those who are subjugated to you. To dare to expose yourself to adventure and surprise yourself. After 12 years of imprisonment at school and many years of being in the standard society assembly line, the time has come for a wake-up call. We must free ourselves from the thought fixations that exist inside of us and to utilize the potential that is hidden within each and every one of us to the fullest."

A bit of magic, a sprinkling of adventure, and a whole lot of heart collide in *All the Impossible Things*, Lindsay Lackey's extraordinary middle-grade novel about a young girl navigating the foster care system in search of where she belongs. "Wise and wondrous, this is truly a novel to cherish."

—Katherine Applegate, New York Times–bestselling author of *Wishtree* An Indies Introduce Selection Red's inexplicable power over the wind comes from her mother. Whenever Ruby "Red" Byrd is scared or angry, the wind picks up. And being placed in foster care, moving from family to family, tends to keep her skies stormy. Red knows she has to learn to control it, but can't figure out how. This time, the wind blows Red into the home of the Grooves, a quirky couple who run a petting zoo, complete with a dancing donkey and a giant tortoise. With their own curious gifts, Celine and Jackson Groove seem to fit like a puzzle piece into Red's heart. But just when Red starts to settle into her new life, a fresh storm rolls in, one she knows all too well: her mother. For so long, Red has longed to have her mom back in her life, and she's quickly swept up in the vortex of her mother's chaos. Now Red must discover the possible in the impossible if she wants to overcome her own tornadoes and find the family she needs.

Want to live your dreams--or even surpass them? Want the world to change for the better? Want to see a miracle? What are we waiting for? Why not be the miracle? That's the challenge Regina Brett sets forth in *BE THE MIRACLE*. To be a miracle doesn't necessarily mean tackling problems across the globe. It means making a difference, believing change is possible, even in your own living room, cubicle, neighborhood, or family. Through a collection of inspirational essays, Regina shares lessons that will help people make a difference in the world around them. The lessons come from Regina's

life experience and from the lives of others, especially those she has met in her 24 years as a journalist. Each chapter is a lesson that can stand alone, but together they form a handbook for seeing the miracle of change everywhere. With upbeat lessons from "Do Your Best and Forget the Rest" to "Sometimes It's Enough to Make One Person Happy," these lessons will help you accept and embrace yourself, challenge and change yourself, and better serve others.

You got into this line of work because you believe in public service, the value of the commons, in social justice, and in strengthening people and communities. Yet somehow, you've become just another overworked business manager. In addition to that, the reputation of the government and non-profit sector is suffering. People are becoming increasingly disheartened by the lacklustre efforts of government agencies and non-profits. So, where did it all go wrong? In *Competing for Public Value*, Andrew Hollo discusses the rise and merits of the impact investment model, which has the power to transform the public value sector. According to Andrew, it all comes down to two simple rules, unveiled in a step-by-step strategy. In this book, you'll discover how to clarify your identity by asking and answering five fundamental questions, how to set goals which match your public mission, how to make tough decisions, bring your biggest ideas to life, rapidly assess opportunities, and genuinely co-design with your customers or beneficiaries. If you're determined to make the impossible possible, Andrew Hollo can show you how.

How the scientific study of magic reveals intriguing—and often unsettling—insights into the mysteries of the human mind. What do we see when we watch a magician pull a rabbit out of a hat or read a person's mind? We are captivated by an illusion; we applaud the fact that we have been fooled. Why do we enjoy experiencing what seems clearly impossible, or at least beyond our powers of explanation? In *Experiencing the Impossible*, Gustav Kuhn examines the psychological processes that underpin our experience of magic. Kuhn, a psychologist and a magician, reveals the intriguing—and often unsettling—insights into the human mind that the scientific study of magic provides. Magic, Kuhn explains, creates a cognitive conflict between what we believe to be true (for example, a rabbit could not be in that hat) and what we experience (a rabbit has just come out of that hat!). Drawing on the latest psychological, neurological, and philosophical research, he suggests that misdirection is at the heart of all magic tricks, and he offers a scientific theory of misdirection. He explores, among other topics, our propensity for magical thinking, the malleability of our perceptual experiences, forgetting and misremembering, free will and mind control, and how magic is applied outside entertainment—the use of illusion in human-computer interaction, politics, warfare, and elsewhere. We may be surprised to learn how little of the world we actually perceive, how little we can trust what we see and remember, and how little we are in charge of our thoughts and actions. Exploring magic, Kuhn illuminates the complex—and almost magical—mechanisms underlying our daily activities.

The Impossible reveals prayer's immediate and powerful impact through the true account of a family whose son died and was miraculously resurrected. Through the years and the struggles, when life seemed more about hurt and loss than hope and mercy, God was positioning the Smiths for something extraordinary—the death and resurrection of their son. When Joyce Smith's fourteen-year-old son John fell through an icy Missouri lake one winter morning, she and her family had seemingly lost everything. At the hospital, John lay lifeless for more than sixty minutes. But Joyce was not ready to give up on her son. She mustered all her faith and strength into one force and cried out to God in a loud voice to save him. Miraculously, her son's heart immediately started beating again. In the coming days, John would defy every expert, every case history, and every scientific prediction. Sixteen days after falling through the ice and being clinically dead for an hour, he walked out of the hospital under his own power, completely healed. The Impossible is about a profound truth: prayer really does work. God uses it to remind us that He is always with us, and when we combine it with unshakable faith, nothing is impossible.

Life's tragic moments can definitely leave an enormous impact on someone's life, and giving up seems to be the best choice, but even the worst of times can be a stepping-stone toward something great. It's a matter of how you face your trials and apply it to whatever you do best in life and keep working on it. When you face your trials positively, blessings will surely come. It's not a matter of

when, but it's the attitude itself that creates a bundle of joy around you. Being patient, determined, and willing are the keys to getting there, but life is also worthless without the power of faith. Believing in something bigger than yourself is your biggest ally in life, and it makes all the difference every single day, and don't ever be discouraged during the early disappointments, because it's part of the long process that'll eventually become your biggest success in life. Everything is based on comparison, and every demand from your trials can always be turned as your work ethic later on. It's the inspiration that was gained from the fight that'll motivate you to get better and better with whatever your passion is in life. Always be inspired in every trial you face, for these are stepping-stones for a higher purpose.

Colin O'Brady's awe-inspiring, New York Times bestselling memoir recounting his recovery from a tragic accident and his record-setting 932-mile solo crossing of Antarctica is a "jaw-dropping tale of passion and perseverance" (Angela Duckworth, New York Times bestselling author of *Grit*). Prior to December 2018, no individual had ever crossed the landmass of Antarctica alone, without support and completely human powered. Yet, Colin O'Brady was determined to do just that, even if, ten years earlier, there was doubt that he'd ever walk again normally. From the depths of a tragic accident, he fought his way back. In a quest to unlock his potential and discover what was possible, he went on to set three mountaineering world records before turning to this historic Antarctic challenge. O'Brady's pursuit of a goal that had eluded many others was made even more intense by a head-to-head battle that emerged with British polar explorer Captain Louis Rudd—also striving to be "the first." Enduring Antarctica's sub-zero temperatures and pulling a sled that initially weighed 375 pounds—in complete isolation and through a succession of whiteouts, storms, and a series of near disasters—O'Brady persevered. Alone with his thoughts for nearly two months in the vastness of the frozen continent—gripped by fear and doubt—he reflected on his past, seeking courage and inspiration in the relationships and experiences that had shaped his life. "Incredibly engaging and well-written" (*The Wall Street Journal*)—and set against the backdrop of some of the most extreme environments on earth, from Mt. Everest to Antarctica—this is "an unforgettable memoir of perseverance, survival, daring to dream big, and showing the world how to make the impossible possible" (Booklist, starred review).

#### **Impossible... Possible....** Penguin

In *The Impossible Will Take a Little While*, a phrase borrowed from Billie Holiday, the editor of *Soul of a Citizen* brings together fifty stories and essays that range across nations, eras, wars, and political movements. Danusha Goska, an Indiana activist with a paralyzing physical disability, writes about overcoming political immobilization, drawing on her history with the Peace Corps and Mother Teresa. Vaclav Havel, the former president of the Czech Republic, finds value in seemingly doomed or futile actions taken by oppressed peoples. Rosemarie Freeney Harding recalls the music that sustained the civil rights movement, and Paxus Calta-Star recounts the powerful vignette of an 18-year-old who launched the overthrow of Bulgaria's dictatorship. Many of the essays are new, others classic works that continue to inspire. Together, these writers explore a path of heartfelt community involvement that leads beyond despair to compassion and hope. The voices collected in *The Impossible Will Take a Little While* will help keep us all working for a better world despite the

obstacles.

Some negotiations are easy. Others are more difficult. And then there are situations that seem completely hopeless. Conflict is escalating, people are getting aggressive, and no one is willing to back down. And to top it off, you have little power or other resources to work with. Harvard professor and negotiation adviser Deepak Malhotra shows how to defuse even the most potentially explosive situations and to find success when things seem impossible. Malhotra identifies three broad approaches for breaking deadlocks and resolving conflicts, and draws out scores of actionable lessons using behind-the-scenes stories of fascinating real-life negotiations, including drafting of the US Constitution, resolving the Cuban Missile Crisis, ending bitter disputes in the NFL and NHL, and beating the odds in complex business situations. But he also shows how these same principles and tactics can be applied in everyday life, whether you are making corporate deals, negotiating job offers, resolving business disputes, tackling obstacles in personal relationships, or even negotiating with children. As Malhotra reminds us, regardless of the context or which issues are on the table, negotiation is always, fundamentally, about human interaction. No matter how high the stakes or how protracted the dispute, the object of negotiation is to engage with other human beings in a way that leads to better understandings and agreements. The principles and strategies in this book will help you do this more effectively in every situation.
