*You Shall Know Our Velocity* Copp, Clark Company

In his first novel, Dave Eggers has written a moving and hilarious tale of two friends who fly around the world trying to give away a

lot of money and free themselves from a profound loss. It reminds us once again what an important, necessary talent Dave Eggers is.

**The Cost of Kindness** ReadHowYouWant.com

This early work by Jerome K. Jerome was originally published in the early 20th century and we are now republishing it with a brand new introductory biography. 'The Cost of Kindness' is a humorous short story about a town that tries to overthrow its disliked priest with kindness. Jerome Klapka Jerome was born in Walsall, England in 1859. Both his parents died while he was in his early teens, and he was forced to quit school to support himself. In 1889, Jerome published his most successful and best-remembered work, 'Three Men in a Boat'. Featuring himself and two of his friends encountering humorous situations while floating down the Thames in a small boat, the book was an instant success, and has never been out of print. In fact, its popularity was such that the number of registered Thames boats went up fifty percent in the year following its publication.

*New York--A Love in Time and Space* Tacet Books

Here is a boy bespangled by green wanes light of green trees green painted fences; and green cut lawns; as his place at Clayton City College. Here he advanced to Cal. State College Hartsfield to be an Accounting major; only to be instigated to complete a B. A. Liberal Arts degree; as to be fit for a Retail Management job. He had a haunting memory of a Cheerleader Lucy Brooks, the Alpha Phi Omega Fraternity; and his Cafeteria Bus Boy employment; as being his College dream. His Wards Department Store was suitable employment; until his hypos demanded the pursuit of Carpentry in Amador Valley. Soon he

had mastered all the crews of Rio Vista Track Home Development. By the winds of Amador Valley; he with a sizable nest egg was only to move on to two prospective State Colleges in the Los Angeles. Here was once again another fruitless College activity effort. Upon return home his Mother had recognized him as the relative Uncle Herman; so she found him a single bedroom Apartment; where he found a public Rose Garden, a Convenient Short Stop Store; a Catholic Town House, the U-Save Liquor Store; as well as finally the neighborhood Rose, Park, Garden Terrace Apartment; which he dreamed to retire to. It was to now to be time spent with the indulgence in of Royal Gate Vodka; and the time of smoking Bell Air cigarettes; and a splendid walk through the many splendid colored roses of the waterfall and pond area of a public Oakland Rose Garden. He went to the U-Save Liquor Store; where he was to wish me a rainbows; and wish me good cheer; all to be with the chirp of a Robin; the tweet of a House Finch and the coo of a Morning Dove.

The story begins in the projects of the South Bronx, New York. There we will meet Sarah Williams, a single mother of twin girls Michelle and Miranda and son Jason. The Williams' family struggles to break the cycle of poverty in the face of gangs, drugs, and prostitution. Jason, the youngest attempts to assert his role as "man of the house," but is overwhelmed by the task at hand. Thinking that he is just one more mouth to feed, he leaves in the middle of the night and begins his life on the streets of New York city. We follow Jason as he negotiates his new world. With the thought the he will some day be reunited with his family he makes clandestine visits to the project to see if Sarah and his

sisters are still surviving. On one such visit he discovers that they have been driven from the apartment and their whereabouts are unknown. Desperate, alone, and hopeless, Jason decides to end his life in the cathedral for the homeless, Grand Central Station. Under a stairwell, hidden by the shadows, Jason lies dying as the blood drains from his body. He is alone in a horde of thousand of commuters. Rescued by his former basketball coach, his journey begins.

**The Big Door Prize** Good Press

Most people equate Los Angeles with smog, sprawl, forty suburbs in search of a city-the great "what-not-to-do" of twentieth-century city building. But there's much more to LA's story than this

shallow stereotype. History shows that Los Angeles was intensely, ubiquitously planned. The consequences of that planning-the environmental history of urbanism--is one place to turn for the more complex lessons LA has to offer. Working forward from ancient times and ancient ecologies to the very recent past, *Land of Sunshine* is a fascinating exploration of the environmental history of greater Los Angeles. Rather than rehearsing a litany of errors or insults against nature, rather than decrying the lost opportunities of "roads not taken," these essays, by nineteen leading geologists, ecologists, and historians, instead consider the changing dynamics both of the city and of nature. In the nineteenth century, for example, "density" was considered an evil, and reformers struggled mightily to move the working poor out to areas where better sanitation and flowers and parks "made life seem worth the living." We now call that vision "sprawl," and we struggle just as much to bring middle-class people back into the core of American cities. There's nothing natural, or inevitable, about such turns of events. It's only by paying very close attention to the ways metropolitan nature has been constructed and construed that meaningful lessons can be drawn. History matters. So here are the plants and animals of the Los Angeles basin, its rivers and watersheds. Here are the landscapes of fact and fantasy, the historical actors, events, and circumstances that have proved transformative over and over again. The result is a nuanced and rich portrait of Los Angeles that will serve planners, communities, and environmentalists as they look to the past for clues, if not blueprints, for enhancing the quality and viability of cities.

**BIG APPLE TO BAY STATE** University of Iowa Press

"[...]saddleless horse in search of Peter Mall. When he returned, the big, kindly man came with him, and in Martin's arms there squealed and wriggled a shoat. "A smart boy you've got, Jacob," chuckled Peter, jovially, after the first heart-warming greetings. "See that critter! Blame me if Martin, here, didn't speak right up and ask me to lend 'er to you!" And he collapsed into gargantuan laughter. "I promised when she'd growed up and brought pigs, we'd give him back two for one," Martin hastily explained. "That's what he said," nodded Peter, carefully switching his navy plug to the opposite cheek before settling down to reply, "and sez I, 'Why, Martin, what d'ye want o' that there shoat? You ain't got nothin' to keep her on!' 'If I can borrow the pig,' sez he, 'I reckon I can borrow the feed somewheres.' God knows, he'll find that ain't so plentiful, but he's got the right idea. A new country's a poor man's country and fellows like us have to stand together. It's borrow and lend out here. I know where you can get some seed wheat if you want to try puttin' it in this fall. There's a man by the name of Perry—lives just across the Missouri line—who has

thrashed fifteen hundred bushel and he'll lend you three hundred or so. He's willing to take a chance, but if you get a crop he wants you should give him back[...]".

*Kilo iUniverse*

BIG APPLE TO BAY STATE is the 5th book in the continuing series called "The Suppers Series". It is a meticulously-crafted fictionalized, real-life-based story of the life journey of a naturalized American citizen who was earlier born into a polygamous African family of a father, with eight wives and forty six children. Dege the principal character was the 3rd of 46 children of his father and the first of the six children of his mother. The series eloquently narrates Dege's years growing up, going to school, passing through an excruciating civil war, then medical school, and ultimately his immigration to the United States of America where he took up citizenship and was to literally start life anew. He initially, on his own volition, ministered to the best but most challenged of America, the finest men and women who had unfortunately lost their minds to Alzheimer's disease and who had to be confined in a facility. However, a new horizon was to open up to this adventurous son of Africa from some seven thousand miles away from home as from the sunny West coast he relocated first to New York City and later to Massachusetts. Interlacing with matching poetry, Big Apple to Bay State narrates the joys and vicissitudes of urban New York City with its congestion, subways, 24 hour ceaseless buzz, and dazzling neon lights and the sharp contrasts for Dege as he and his wife relocate to a more remote, yet highly sophisticated Western Massachusetts community with multitudes of cooperating if not competing higher educational institutions. The

adventure continues as the senior goes back to school and finds fulfillment rehearsing many unfamiliar volumes of books. Eloquent and captivating stories meticulously crafted like no other, subtly persuading, subtly challenging; stories which glue the attention of the reader from the beginning to the end. Although a continuing series, each book in "the Suppers Series" can stand independent of the others as each tells a unique and captivating story. The earlier 4 books in "The Suppers Series" are "Suppers of Many Dishes part 1", "Suppers of Many Dishes Part 2", "Coming Late to America" and "A Spot to Perch".

A Charmed Life, Amid Order and Disorder Good Press

New York, New York:In any case, to discourse about New York and its transformation, or you should say its transformations: For transformations are precisely what define the city and what set its conditions of possibility-and what animate the people who live there. You're a New Yorker even if you weren't born there. But

you or anyone else can most certainly be a New Yorker even if you weren't born there. You become a New Yorker the first time you say: "That used to be Danny's and that used to be Clancy's," before the Internet café plugged itself in and before Starbucks installed itself. You start constructing your private New York the first time the city came into your view. Maybe you were in a cab leaving La Guardia when, on the Brooklyn-Queens Expressway, you saw the Manhattan skyline. All your worldly possessions were in the trunk, and in your hand was a piece of paper with an address on it that would turn out to be your first home. You say to yourself: "Look, there's the Empire State Building; look there: The World Trade Center towers." Maybe your first time in New York was when your parents dragged you there on vacation as a baby and towed you all over the gigantic avenues while shopping for holiday season gifts. Your first view of the city from your stroller was the legs of adults on the sidewalks, and you wondered why the sidewalks sparkled at certain angles.

*Eris, and Home at Six* novum eco Verlag

Martin Preib is an officer in the Chicago Police Department—a beat cop whose first assignment as a rookie policeman was working on the wagon that picks up the dead. Inspired by Preib's daily life on the job, *The Wagon and Other Stories from the City* chronicles the outer and inner lives of both a Chicago cop and the city itself. The book follows Preib as he transports body bags, forges an unlikely connection with his female partner, trains a younger officer, and finds himself among people long forgotten—or rendered invisible—by the rest of society. Preib recounts how he navigates the tenuous labyrinths of race and class in the urban metropolis, such as a domestic disturbance call involving a gang member and his abused girlfriend or a run-in with a group of drunk yuppies. As he encounters the real and imagined geographies of Chicago, the city reveals itself to be not just a backdrop, but a central force in his narrative of life and death. Preib's accounts, all told in his breathtaking prose, come alive in ways that readers will long remember.
