Want to dictate up to 5000 WORDS an hour? Want to do it with 99% ACCURACY from the day you start? NEW EDITION: UPDATED to cover the latest Dragon Professional Individual v15 for PC & v6 for Mac FREE video training included! As writers, we all know what an incredible tool dictation software can be. It enables us to write faster and avoid the dangers of RSI and a sedentary lifestyle. But many of us give up on dictating when we find we can't get the accuracy we need to be truly productive. This book changes all of that. With almost two decades of using Dragon software under his belt and a wealth of insider knowledge from within the dictation industry, Scott Baker will reveal how to supercharge your writing and achieve sky-high recognition accuracy from the moment you start using the software. You will learn: - Hidden tricks to use when installing Dragon NaturallySpeaking on a Windows PC or Dragon Dictate for Mac; - How to choose the right microphone and set it up perfectly for speech recognition; - The little-known techniques that will ensure around 99% accuracy from your first install - and how to make this even better over time; - Setting up fail-safe dictation profiles with multiple microphones and voice recorders, without impacting your accuracy; - How to train the software to adapt to both your voice AND writing style and avoid

your accuracy declining; - Strategies for achieving your entire daily word count in just one or two hours; - Many more tips and tricks you won't find anywhere else. At the end of the book, you'll also find an exclusive list of resources and links to FREE video training to take your knowledge even further. It's time to write at the speed of speech – and transform your writing workflow forever! movies, photos, e-books, games, apps, and more Filled with no-nonsense basics and slick and savvy tips, iPad All-in-One For Dummies, Second Edition is the best accessory you'll ever buy for your iPad or iPad 2!

[The Dragon NaturallySpeaking Guide](#) John Wiley & Sons A New York Times Notable Book: “Combining cyberpunk’s grit with dystopic fantasy, this iconoclastic hybrid is a standout piece of storytelling” (Library Journal). Jane is trapped as a changeling in an industrialized Faerie ruled by aristocratic high elves and populated by ogres, dwarves, night-gaunts, and hags. She is the only human in a factory where underage forced labor builds cybernetic, magical dragons that are weaponized and sent off to war. When the damaged dragon Melanchthon tempts Jane with promises of freedom, the stage is set for a daring escape that will shake the foundations of existence. Combining alchemy and technology, a coming-of-age story like no other, The Iron Dragon’s Daughter takes place against a dystopic mindscape of dark challenges and class struggles that force Jane to make costly decisions at every turn. A finalist for the Arthur C. Clarke Award, the World Fantasy Award for Best Novel, and the 1994 Locus Award, The Iron Dragon’s Daughter is one-of-a-kind melding of grimdark fantasy and cyberpunk grit from the Nebula Award-winning author of Stations of the Tide. It engages the reader in a nihilistic world in which nothing is as it seems and everything comes at a steep and often horrific price.

Dragon Naturally Speaking 13: An Easy Guide to the Best Features Dragonfly Books

Wish your words could magically appear? You are not alone. What if I told you your wish is within reach? Dictation isn't magic, but it can seem like it. However, it can be daunting, overwhelming and downright confusing. I've been using voice recognition software for thirty years and written thirty books using both Dragon Dictate for Mac and various versions of Dragon NaturallySpeaking.
