ICD-10-CM 2020: The Complete Official Codebook provides the entire updated code set for diagnostic coding, organized to make the challenge of accurate coding easier. This codebook is the cornerstone for establishing medical necessity, determining coverage and ensuring appropriate reimbursement. Each of the 21 chapters in the Tabular List of Diseases and Injuries is organized to provide quick and simple navigation to facilitate accurate coding. The book also contains supplementary appendixes including a coding tutorial, pharmacology listings, a list of valid three-character codes and additional information on Z-codes for long-term drug use and Z-codes that can only be used as a principal diagnosis. Official coding guidelines for 2020 are bound into this codebook. FEATURES AND BENEFITS: Full list of code changes. Quickly see the complete list of new, revised, and deleted codes affecting the FY 2020 codes; QPP symbol in the tabular section. Karl Marx and

Adolph Hitler are always trending on the internet. Their ideas are adored and repeated incessantly on social media and by the mainstream media (MSM). Their books were once considered too dangerous for the general public. But Mein Kampf was a bestseller as recently as 2017. Its popularity grows worldwide. It has always been one of Amazon's better-selling book titles. Web searches

reveal the embarrassing 2018 video "Chinese President Xi Jinping delivers speech on anniversary of Marx's birth." In it, Xi openly drooled over the western male racist socialist. China is led around by its nose tied to the same old German who influenced Hitler. Is there any other country of that size that openly worships a foreigner as their great white savior? Marx's larger-than-life

posters are often paired with the outdated hammer and sickle symbol that China parroted from Soviet socialism. How embarrassing. America's love affair with German philosophy stretches back to the mid-1800s, and farther. Many Americans struggle to bring Germany's past into the present at every election. MSM polling reports that 70 percent of millennials say they would

vote for a candidate who self-identifies the same as Hitler (2019 YouGov poll). Two politicians in the USA (Alexandria Ocasio Cortez -AOC- & Bernie Sanders -BS) boastfully self-identify the same as Hitler: SOCIALIST. Other politicians gladly adopt and repeat the same ideas even if they are too dishonest to admit that they are socialist. According to another report, 60

percent of Millennials (age 24-39) support a "complete change of our economic system." Marx and Hitler were both anti-bourgeois and advocated revolution. Many Americans long for the same revolutions. The ideas of the beloved Deutschland duo continue to grow in popularity. Germany's two top white male racist political philosophers stay in vogue even though

their policies remain a mystery. For example, the following facts (with credit to the archives of the historian Dr. Rex Curry) will come as news to most readers: 1. Hitler and Marx were popular in the USA. Two famous American socialists (the cousins Edward Bellamy and Francis Bellamy) were heavily influenced by Marx. The American socialists returned the favor: Francis

Bellamy created the "Pledge of Allegiance to the Flag" that was the origin of Nazi salutes and Nazi behavior. The Bellamys were American national socialists. For more on that advance to chapter 6 on "Bellamy salutes." 2. The classic military salute (to the brow) also contributed to the creation of the Nazi salute (with the right-arm extended stiffly). 3. The Bellamy cousins promoted

socialist schools that imposed segregation by law and taught racism as official policy. 4. Hitler and his supporters self-identified as "socialists" by the very word in voluminous speeches and writings. The term "Socialist" appears throughout Mein Kampf as a self-description by Hitler. 5. Hitler never called himself a "Nazi." There was no "Nazi Germany." There was no "Nazi Party."

Those terms are slang to hide how Hitler and his comrades self-identified: SOCIALIST. 6. Hitler never called himself a "Fascist." That term is misused to hide how Hitler and his comrades self-identified: SOCIALIST. 7. The term "Nazi" isn't in "Mein Kampf" nor in "Triumph of the Will." 8. The term "Fascist" never appears in Mein Kampf as a self-description by Hitler. 9. The term "swastika" never appears in the original Mein Kampf. 10. There is no evidence that Hitler ever used the word "swastika." 11. The symbol that Hitler did use was intended to represent "S"-letter shapes for "socialist." 12. Hitler altered his own signature to reflect his "S"-shapes for socialism" logo branding. 13. Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist, and he joined socialists known as "fascio, fasci, and fascisti." 14. Fascism came from a socialist (e.g. Mussolini). Communism came from a socialist (e.g. Marx). Fascism and Communism came from socialists. 15. German socialists and Soviet socialists partnered for International Socialism in 1939. They launched WWII, invading Poland together, and continued

onward from there, killing millions. Soviet socialism had signed on for Hitler's Holocaust. 16. After Hitler's death, Stalin continued the plan he had made with Hitler for Global Socialism. Stalin took over the same areas that Hitler had captured. He used the same facilities that Hitler had used. Hitler's Holocaust never ended. Stalin replaced Hitler. Hitler, Stalin, Mao, Mussolini, and

other tyrants were influenced by propaganda in the USA, including the childish American socialists Francis Bellamy and Edward Bellamy. Both Bellamy cousins wanted government to take over all schools, to teach socialism to all youngsters worldwide. Francis Bellamy was the author of the Pledge of Allegiance to the flag, the origin of the infamous stiff-armed salute

adopted later under German socialism and Adolf Hitler. Long before the Deutschland fad began, American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy. Anyone who rejected the ritual in the schools was persecuted. "America's Nazi salute" was often

performed by public officials in the USA from 1892 through 1942. What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. TV, newspapers and other MSM will not show a historic photo or video of the early	American straight-arm salute nor mention its history and impact worldwide. American youth groups (Scouting) adopted Bellamy's American Nazi salute (with Bellamy's encouragement) AND saluted swastika badges (□) worn by fellow scouts. Many Americans were accustomed to "Nazi salutes for swastikas" long before German socialism (and Hitler Youth) adopted	similar behavior under Hitler. That helps to explain another inconvenient truth: swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism. There are extremely rare photographs in this book! <u>Federal Income Tax Proclamation 2016</u> Cengage

This book presents a comparative study of the land settlements and sovereign arrangements between the US government and the three major aggregated groups of indigenous peoples—American Indians, Native Alaskans, and Native Hawaiians—whose land rights claims have resulted in very different outcomes. It shows that the outcomes of their

sovereign claims were different, though their bases were similar. While the US government insists that it is committed to the government-to-government relationship it has with the tribes, federal authority severely limits the ability of tribal governments to participate as an equal partner. *American Government and Politics Today: No Separate Policy Chapters*

Many secrets revealed about Adolf Hitler, including - 1. NEW HITLER DISCOVERY: Hitler renamed his political party from DAP to NSDAP - "National Socialist German Workers Party" - because he needed the word "Socialist" in his party's name so that Hitler could use swastikas as "S"-letter shaped logos

for "SOCIALIST" as the party's emblem. The party's name had to fit in Hitler's socialist branding campaign that used the swastika and many other similar alphabetical symbols, including the "SS" and "SA" and "NSV" and "VW" etc. He was selling socialism by selling flags and related merchandise (cf. Francis Bellamy). The "new discovery" part is that the public doesn't know

that Hitler's use of the swastika as alphabetical symbolism is a reason why he changed the name of the party (adding the word "socialist"). The new discovery is also that it is additional proof that Hitler employed the swastika as alphabetical symbolism of "S"-letter shapes for his socialism. The discoveries are from the historian Dr. Rex Curry's work. 2. NEW SWASTIKA DISCOVERY: Vladimir

Lenin's swastika is revealed herein. The impact of Lenin's swastikas was reinforced at that time with additional swastikas on ruble money (paper currency). The swastika became a symbol of socialism under Lenin. It's influence upon Adolf Hitler is explained in this book. 3. Hitler altered his own signature to reflect his "S-shapes for socialism" logo branding. 4. There is no

evidence that Hitler ever used the word "swastika" in his life. 5. The term "swastika" never appears in the original Mein Kampf. 6. over the same areas that Hitler had captured. He used the same facilities that Hitler had used. Hitler's Holocaust never ended. Stalin replaced Hitler. 13. Nazi salutes and Nazi behavior originated in the USA from the "Pledge of Allegiance to the Flag." The pledge was written by an American National Socialist named Francis Bellamy. Francis Bellamy was the cousin of Edward Bellamy, another infamous American National Socialist. They worked together to promote their dogma in the USA. 14. The classic military salute (to the brow) also contributed to the creation of the Nazi salute (with the right-arm extended stiffly). 15. The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy. 16. Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist, and he joined socialists known as "fascio, fasci, and fascisti." 17. Fascism came from a socialist (e.g. Mussolini). Communism came from a socialist (e.g. Marx). Fascism and Communism came from socialists. Hitler's political philosophy continues to be admired by modern politicians.

Bernie Sanders self-identifies the same as Hitler: SOCIALIST. Alexandria Ocasio Cortez self-identifies the same as Hitler too. They also admire Marx. Other politicians gladly adopt and repeat the same ideas even if they are too dishonest to admit that they are socialists. Every election witnesses Americans struggling to bring Germany's past into the present. MSM

According to another report, 60 percent of Millennials (age 24-39) support a "complete change of our economic system." Hitler and Marx were anti-bourgeois and advocated revolution. Many people long for the same revolutions.

The Deutschland's two top germs continue to spread globally. China drooled over Marx the embarrassing video "Chinese President Xi Jinping delivers speech on anniversary of Marx's birth" (2018). China is humiliated by the same old German who influenced Hitler. Of course, China has the largest population (billions) who self-identify the same as Hitler:

SOCIALIST (the same way that Marx self-identified). China's lethal attraction to Marx and Hitler was huge compared to the USA's. That is why the books of Marx and Hitler were once considered too dangerous for the general public. But Mein Kampf was a bestseller as recently as 2017. Its popularity grows worldwide. It has always been one of Amazon's better-selling book titles. Hitler and Marx are always trending on the internet. Business economics - Accounting and Taxes, , language: English, abstract: The significance of good governance in ensuring effective tax administration in the public sector and enhancing tax collection is an undeniable fact that is generally accepted. Yet, there is scanty empirical evidence on the actual application of the principles of good governance in the structure and operation of public sector institutions and its outcome, particularly in the tax administration system. Hence, purpose of this study is to investigate the measures taken to institutionalize the principles of good governance within the Ethiopian Revenues and Customs Authority (ERCA). More specifically, the study assessed the level of conceptual understanding and commitment to the principles of good governance, measures taken to create ownership of the principles; the extent to which the ERCA put in place organizational policies, standards, strategies and structures to institutionalize good governance, and measures taken to improve human resource capacity to implement the principles of good governance. In terms of

scope, the study focuses on the assessment and collection of taxes from category “C” taxpayers in selected sub-city branches of the ERCA. The research is essentially a case study that uses quantitative and qualitative data gathered from primary and secondary sources to inform its findings. The bulk of the data for this study was generated from primary sources namely, the leadership and

staff of the ERCA and category ‘c’ taxpayers as clients of the Authority. The study accessed these informants through key informant interviews, knowledge, attitude and perception (KAP) questionnaires and survey questionnaires . The research also utilized secondary sources in the form of documentation on the activities of the ERCA. Secondary data was gathered from

both print and electronic sources including academic literature, laws and policies, organizational documents, and the ERCA website. The study found that, while there have been efforts to institutionalize the principles of good governance in the structure and operations of ERCA, these measures have not had the anticipated level of impact felt by the employees and clients of

the Authority. This has been expressed in the limited confidence of employees and clients on the limited extent to which good governance principles have been internalized by the Authority, and the inadequate capacity of the Authority to identify and address instances of misconduct and corruption. Monetary Fund There is no consensus on how strongly the Tax Cuts and Jobs Act (TCJA) has stimulated U.S. private fixed investment. Some argue that the business tax provisions spurred investment by cutting the cost of capital. Others see the TCJA primarily as a windfall for shareholders. We find that U.S. business investment since 2017 has grown strongly compared to

pre-TCJA forecasts and that the overriding factor driving it has been the strength of expected aggregate demand. Investment has, so far, fallen short of predictions based on the postwar relation with tax cuts. Model simulations and firm-level data suggest that much of this weaker response reflects a lower sensitivity of investment to tax policy changes in the current

<p>environment of greater corporate market power. Economic policy uncertainty in 2018 played a relatively small role in dampening investment growth. <i>Chase's Calendar of Events 2016</i> DIANE Publishing AMERICAN GOVERNMENT AND POLITICS TODAY is known nationwide for its balanced, unbiased, and modern coverage of constitutional, governmental, political, social, and</p>	<p>economic structures and their processes. The Effect of The Income Tax Reform 979/2016 On Employees' Income Equality

Oxford University Press Academic Paper from the year 2019 in the subject Business economics - Accounting and Taxes, grade: 79, Addis Ababa University, course: MBA in Accounting

and Finance, language: English, abstract: This research investigates the effect of the new income tax Proclamation 979/2016 on the employee's disposable income, tax liability and the income inequalities among the high and low income earning groups of employees. For this, the quantitative research method is used and secondary payroll data is collected

through the survey by using email and hard copy. The data is analyzed using the summary of descriptive statistics and paired sample means t-Test. Besides this, Gini-coefficient analytical tool is also used to measure the income inequalities among 1120 employees. The payroll data is gathered from 8 different public and private companies in Addis Ababa. The sample is

selected by applying purposive sampling techniques and the sample size is determined using a statistical formula for an unknown population. The result shows that the tax reform brings a 9% increases on a disposable income and 30% decreases on the income tax liability of employees under this investigation. But on the contrary, the new tax reform doesn't play its role in reducing the income inequality among different income earning groups of employees rather it shows 0.4% marginal increases in income inequalities. This is because of reform gives higher disposable income for the top 20% income earning groups than the lower one. Furthermore, the study evidences the existence of high-income inequality among employees which is 0.41 Gini coefficient. It is slightly higher than the national Gini coefficient it is because of the size and scope of the study. Finally, the research indicates that 73% of the income tax revenue has paid by the top 20% income earning groups. So, it is advisable for policymakers to improve the minimum taxable income from birr 601 to

birr1500 to reduce the income inequality by minimizing the tax burden of lower income earning groups.

At that time much of the planet was being terrorized by Stalinization and Hitlerization. German socialism and Soviet socialism had partnered in a pact to divide up Europe, launching World War II, invading Poland together and going onward, leading to the socialist Wholecaust (of which the Holocaust was a part). It was a globalization conspiracy to make	everyone in the world as equal as a cog in a collectivist wheel. After the Allies defeated German socialism, Soviet socialism continued the sordid plot on its own. Stalin's anti-consumption dogma had already starved millions to death under his collectivization of food. His get-poor-quick scheme continued to impoverish multitudes for decades. In contrast, in
---	---	---

the USA, McDonald's began posting the number of hamburgers sold in 1955. The signs over the golden arches said, "over a million served." Soviet socialists colluded with Chinese socialists (despite Stalin's earlier experience cooperating with German socialists). The Chinese mimicked Stalin's one-size-fits-all food bureaucracy. Soon, Mao's death toll by starvation rivaled

Stalin's. Their bogus "right to free socialized medicine" could not cure stage-4 hunger (not even pain pills nor palliative care was provided). Soviet socialism and Chinese socialism both independently caused cannibalism (think of it as "slow food"; not "fast food"). While McD's asked "Do you want fries with that?" socialists asked, "Do you want flies with that?" (Due to the

lack of reliable electricity and refrigeration). Similar unhappy meals followed the same irrational socialization chaos in other countries. Socialism is a high-mortality dogma. In 1991 the Union of Soviet Socialist Republics ceased to exist because its socialization economy collapsed. In 1993 "The McDonaldization of Society" (by George Ritzer) was published. In

the book, Ritzer writes as if he is ignorant that members of Hitler's group did not call themselves "Nazis," but called themselves "socialists" and touted "socialism" by the very word in voluminous writings and speeches. In that regard, Ritzer perpetuates widespread ignorance among college students. Ritzer seems ignorant of the death tolls under Stalin and Mao, who also glorified "socialism"

voluminously by the very word. It says more about Ritzer than it does about McDonald's. In 1994 McDonald's stopped counting hamburgers served because the quantity surpassed 99 billion. Today McDonald's is so loved that it can boast that "billions and billions have been served." During that same time, socialists can boast that millions and millions have been starved. To death. The

USA has avoided many monotonous horrors of collectivization and socialism's trademark mass starvations. McDonaldization (and other all capitalism) saved us from McStalinization, McHitlerization, McMaoism, and defeated other McSocialization in America. Even so, "The McDonaldization of Society" is used as a textbook in American college classes that bad-mouth capitalism and

glorify socialism. Young people are being brainwashed in schools and universities. In how many other ways is the USA being victimized by anti-capitalist propaganda? The USA was the origin of Nazi salutes and Fascist behavior through the propaganda of an American Socialist: Francis Bellamy, author of the USA's Pledge of Allegiance to the Flag. America's Nazi salute was often performed by

public officials in the USA from 1892 through 1942 (near McDonald's start). What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. American youth groups (Scouting) adopted Bellamy's American Nazi

Many Americans were accustomed to "Nazi salutes for swastikas" long before German socialism (and Hitler Youth) adopted similar behavior under Hitler. That helps to explain another shocking revelation: swastikas were promoted in the US military and

The military salute was the origin of Nazi salutes, via the USA's flag pledge in government schools. Public officials in the USA who preceded the German socialist (Hitler) and the Italian socialist (Mussolini) were sources for the stiff-armed salute

(and brainwashed chanting) in those countries and other foreign countries influencing the worst reprobates, including these other socialists: Joseph Stalin, Vladimir Lenin, Mao Zedong, Adolf Hitler, Pol Pot, Kim Il-sung, Ho Chi Minh, Karl Marx, Leon Trotsky, Kim Jong-il, Benito Mussolini, Kim Jong-un, Fidel Castro, Che Guevara and more! They showed that Killing socialists is	trademark socialism. Millions died. Yet, the world's worst killers escaped justice and many continue to be glorified as "great leaders." Bernie Sanders self- identifies the same as Hitler: SOCIALIST; Alexandria Ocasio-Cortez self-identifies the same as Hitler: SOCIALIST; So do their fans. (Hitler and his supporters did not call themselves "Nazi" nor "Fascist").	"Socialism" was touted by the very word in voluminous speeches & writings by the socialists Hitler, Stalin, Mao, Pol Pot, the Kim thugs, etc. Soviet socialism joined German socialism to launch the socialist war (WWII) invading Poland etc. It led to socialism's many genocides. Who was worst: Stalin, Mao, or Hitler? Stalin shares guilt for genocides of Mao, Hitler & himself, and Pol Pot, and

the Kim thugs and other socialists. German socialism and Soviet socialism joined to launch the socialist war (WWII), invading Poland and going onward. Stalin assisted Mao. It led to genocide under many other socialists. The importance of this book cannot be overstated. It is a microcosm of the amorality of what remains of world socialism. It shines a

floodlight on the ethical vacuum that is collectivism and its overlords. America is following them into that hell. With this platform, we the Republican Party reaffirm the principles that unite us in a common purpose. We believe in American exceptionalism. We believe America is exceptional because of our historic role - first as refuge, then as defender, and now as exemplar of liberty for the world to see. We believe our constitutional system -

limited government, separation of powers, federalism, and the rights of the people - must be preserved uncompromised for future generations. We believe political freedom and economic freedom are indivisible. When political freedom and economic freedom are separated - both are in peril; when united, they are invincible. We believe that people are the ultimate resource - and

that the people, not the government, are the best stewards of our country's God-given natural resources. As Americans and as Republicans we wish for peace - so we insist on strength. We will make America safe. We seek friendship with all peoples and all nations, but we recognize and are prepared to deal with evil in the world. Based on these principles, this

platform is an invitation and a roadmap. It invites every American to join us and shows the path to a stronger, safer, and more prosperous America.
