### **An Introduction to Special Education**

Harlequin

Most people dream about getting out of Sharon, Nebraska, but after three years away, Lauren Barrett is coming home. She has her reasons—missing her family, losing her college scholarship. But then

there's the reason Lauren can't admit to anyone: Rob Conrad, her best friend's older brother. Football prowess and jaw-dropping good looks made Rob a star in high school. Out in the real world, his job and his relationships are going nowhere. He's the guy who women love and leave, not the one who makes them think of forever—until Lauren comes back to town, bringing old feelings and new dreams with her. Because the only thing more important than figuring out where you

truly belong is finding the person you were meant to be with.

Exceptional Children As Long As You Love Me  
When George S. Kanahale founded the Hawaiian Music Foundation in 1971 he immediately saw the need for a systematic presentation of the whole tradition of Hawaiian music, from its origins in pre-Contact chant and hula, to the adaptation of other musical traditions and instruments, to the extraordinary spread of Hawaiian music as "world music," and finally to the

Hawaiian Renaissance that saved the tradition from near-extinction. Compiled with the assistance of a hundred contributors and the research of many more, it was immediately recognized as the most ambitious book ever written about Hawaiian music. Organized like an encyclopedia, with entries in alphabetical order, the book presents the roots of Hawaiian music, from ancient chants to the flowering of the musical renaissance. There are biographies of musicians

from every period of Hawaiian musical history from Henry Berger, David K lakaua, Queen Lili'uokalani, and others of their time, to the great names of the 20th century.

*In The Discipline of Teams*, Jon Katzenbach and Douglas Smith explore the often counter-intuitive features that make up high-performing

teams—such as selecting team members for skill, not compatibility—and explain how managers can set specific goals to foster team development. The result is improved productivity and teams that can be counted on to deliver more than just the sum of their parts. Since 1922, Harvard Business Review has been a leading source of breakthrough ideas in management practice. The Harvard Business Review Classics series now offers you the opportunity to make these

seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world.

Special education is an ongoing story of people--of exceptional children, of the families of children with special needs, and of the teachers who work

with them. Exceptional Children: An Introduction to Special Education focuses on 15 experienced teachers to give readers first-person insight into this diverse field. It also details, step-by-step, how special educators use highly effective, research-based practices to promote student achievement in their classrooms. The Eleventh Edition includes new information that reflects the current professional practices, trends, and research that define the exciting and

ever-evolving field of special education. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive

learning environment that enables students to read, practice, and study in one continuous experience-for less than the cost of a traditional textbook.
