Do you know what the hardest thing for a Dutch learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! Teachers love giving out tough, expert-level literature to their students. Books that present many new problems to the reader and force them to search for words in a dictionary every five minutes - it's not entertaining, useful or motivating for the student at all, and many soon give up on learning at all! In this book, we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the beautiful Dutch tongue. How Dutch Short Stories for Beginners works: - Each story is exciting and entertaining with realistic dialogues and day-to-day situations. - The summaries follow a synopsis in Dutch and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Dutch, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! This book aims to take users from scratch to having a solid base in German within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of German. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

"Far more than a conventional novel. It is a meditation on life, on the erotic, on the nature of men and women and love . . . full of telling details, truths large and small, to which just about every reader will respond." — People In The Unbearable Lightness of Being, Milan Kundera tells the story of two couples, a young woman in love with a man torn between his love for her and his incorrigible womanizing, and one of his mistresses and her humbly faithful lover. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its weight. Hence, we feel "the unbearable lightness of being" not only as the consequence of our pristine actions but also in the public sphere, and the two inevitably intertwine. This magnificent novel is a story of passion and politics, infidelity and

ideas, and encompasses the extremes of comedy and tragedy, illuminating all aspects of human existence.

It's true that some people spend years studying Spanish before

they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.
