Running Around the World Evan-Moor Educational Publishers
Continents of the World for Kids: Geography for Kids: World Continents Do you want to teach your children about the continents of the world? If yes then this is the book for you! It's important that children appreciate the planet as the home land of mankind so that they can take wise decisions when they grow older about how the planet's resources should be used. In this book, children will learn about the various continents of the world, about its people, their societies, economies, cultures and the environment. This book is more than just a factual look through. It is a book that will make children appreciate why each continent is important and why they should be preserved for as long as possible. With the increase in global warming and climate change that is currently affecting the world, the current state of the continents is subject to change as well. Soon Antarctica might not be a place that is considered to be icy and cold. If the ice caps keep melting then the continent of Antarctica may disappear all together and become flooded with water. But if children never had knowledge about Antarctica then they would never understand the significance of this change. That is why learning about the continents now is crucial. Let this book be their guide to the current state of the continents. Then in the next 30 years they can look back upon and see how much they've truly changed over the years.

Grades K-2 AuthorHouse

Are the places you've been an accurate portrayal of the person you want to be? Visiting 70 countries and all 7 continents by the age of 21 taught Caitlyn Lubas that travel is the best way to explore the world, and also the best way to step outside of your comfort zone and explore yourself. Reflecting on the unique ways that travel transformed her worldview and shaped her as a person, Caitlyn compiled this collection of her most pivotal experiences and perspective-shifting moments to show how everywhere you go becomes a part of you. Filled with vivid immersions into uncommon corners of the world coupled with personal reflections about many of life's greatest lessons, each tied to a significant place, these stories inspire readers to reflect on their own travels and learn how to explore with the intention of learning and growing. Part memoir and part travel mindset guidebook, Caitlyn brings a refreshing Gen Z perspective to this travel manifesto for wanderlust-filled college students and explorers of all ages. You Are Where You Go is for travel lovers, the travel-curious, and anyone seeking inspiration to take that trip now. Your future self will thank you for the growth opportunity.

Discover unique travel stories like: - Visiting the penguins, whales, and seals of Antarctica - Camping on an overland safari for 6 weeks straight - Learning about empathy after a motorbike accident in rural Vietnam - Backpacking through Argentina and becoming friends with strangers - Exploring solo versus partner travel in Australia - Spending every weekend in a different country for 10 months
