41 Years - UPSC Previous Year Papers - Subjectwise Solved General Studies Papers GS CSAT Paper 1 Prelims for UPSC IAS Civil Services Exam Oswaal Books and Learning Private Limited

Since released by Egyptian organization al-Jama'ah al-Islamiyah in 1997, The Initiative to Cease Violence (Mubadarah Waaf al-'Unf) has been sparking debates and controversies. The argument around it has not subsided yet another debate has already emerged. This time the debate was centered around the Revisions of Tandzim al-Jihad al-Misri (Muraja'at Tandzim al-Jihad al-Misri9 released in the summer of 2007. Although the debates occurred in a many frequencies and on a wide scale, all of it revolved in a very well-defined frame. That's why any news about "The Initiative of al-Jama'ah al-Islamiyah" and "The Revisions of al-Jihad" only appears inside the frame determined by a specific direction of the state. The Jihadists themselves carefully moved inside the frame without going outside the text, except in some conditions and with some exceptions. In this fascinating book, the author describes the debates and controversies, with a concise description but does not ignore the truth, this book reveals the veil that covers the process of the Initiatives to Cease Violence and the Revisions of al-Jihad based on interviews from the first source, witnessed events directly when a prisoner and has proximity to the initiators, as well as supported by the reports from the media ,the authors were able to describe in details about the initiatives to Cease Violence and Revisions of al-Jihad.

Oswaal ICSE Question Bank Class 10 (Set of 3 Books) Physics, Chemistry, Biology (Reduced Syllabus) (For Exam 2022) Oswaal Books and Learning Private Limited

"A coming-of-age tale for both the gay community at large and a nation coming to terms with that community's place in American society" (The Boston Globe). Part memoir, part extended essay, Visions and Revisions is a foray into the period between 1987, when the AIDS Coalition to Unleash Power (ACT UP) was founded, and 1996, when medical advances transformed AIDS from a virtual death sentence into a chronic manageable illness. Offering a sweeping, collage-style portrait of a tumultuous era, this book takes readers from the serial killings of gay men in New York, London, and Milwaukee, through Dale Peck's first loves upon coming out of the closet, to the transformation of LGBT people from marginal, idealistic fighters to their present place in a world of widespread, if fraught, mainstream acceptance. Named as one of 2015's best nonfiction books by Flavorwire, the narrative pays particular attention to the words and deeds of AIDS activists, offering a street-level portrait of ACT UP and considerations of AIDS-centered fiction and criticism of the time—as well as intimate, sometimes elegiac portraits of artists, activists, and HIV-positive people Peck knew. Peck's fiery rhetoric against a government that sat on its hands for the first several years of the epidemic is tinged with the idealism of a young gay man discovering his political, artistic, and sexual identity. The result is "a flinty-eyed look into the heart of the H.I.V. epidemic, from the late 1980s until the development of protease inhibitors and combination therapies in the mid-1990s [and] a compelling snapshot of the social activism that defined the era" (The New York Times Book Review).
