that generate deadly or destructive conflict. It revolves around developing constructive personal, group, and political relationships across ethnic, religious, class, national, and racial boundaries. This process includes violence prevention; conflict management ...Peacebuilding - WikipediaConflict transformation begins with a central goal: to build

constructive change out of the energy created by conflict. By focusing this energy on the underlying relationships and social structures, constructive changes can be brought about. The key here is to move conflict away from destructive processes and toward constructive ones. Conflict Transformation | Beyond IntractabilityConflict transformation is about the way that societies deal with moving

them from violent to non violent means. Its goal is to build just, sustainable societies that resolve differences non violently. To achieve this it must address the direct and structural causes of conflict. APPROACHES TO CONFLICT TRANSFORMATIONConflict can often be painful and confusing with the pathways out not always being clear. Peacebuilding and conflict transformation processes provide a path

toward peace and understanding. This is true not only for interpersonal relationships, but also in groups and within organizations. Depending on the length of time and breadth of the conflict, I can utilize one of the methodologies below to craft an intervention as unique as what you are working through. Karis Johnston - Conflict Transformation and Peacebuilding Creating

Space for Conflict Transformation. The Berghof Foundation is an independent, non-governmental and non-profit organisation that supports efforts to prevent political and social violence, and to achieve sustainable peace through conflict transformation. Home | Berghof Foundation Conflict transformation is a concept designed to reframe the way in which peacebuilding

initiatives are discussed and pursued, particularly in contexts of ethnic conflict. Traditionally the emphasis has been on conflict resolution and conflict management methods, which focus on reducing or defusing outbreaks of hostility. Conflict transformation, in contrast, places a greater weight on addressing the underlying conditions which give rise to that conflict, preferably well in
