Brain-Busting Lateral Thinking Puzzles Sterling Publishing Company, Inc.

Karen is back with more lateral thinking puzzles and riddles! The difficulty level of these puzzles varies, but no matter how difficult you may find them to be, there is always an answer. Even if you answer the puzzle incorrectly, you may find it fun to explain why your answer could be correct as well. These are also great to use for a game night with friends and family. Quiz them to see how much they know. You never know what kind of answers you may get. All of these puzzles are lateral thinking puzzles--meaning you won't need a calculator nor pen and paper. All you need is your brain. The puzzles may be short or long, but they give you just enough information to figure out the answer. Make sure you don't over analyze them; otherwise, you may end up missing the answer all together.

Lateral Thinking Puzzlers Sterling Publishing Company, Inc.

Train your brain into working smarter, not harder. Sometimes an unsolvable problem requires a new way of thinking. It is a process and willingness to look at things in a different way. And this process is called lateral thinking. It calls on you to look at a situation from many different angles. The ability to become an excellent lateral logician will sharpen your mind and expand your brain power. Challenge your lateral thinking skills with over 90 puzzles. Don't trip over to tricks as you try to figure these out. The answers are simple: it's the way they are put that will mislead you. Stick with the facts and you'll find everything you needs to know.

My Best Mathematical and Logic Puzzles Sterling Publishing Company, Inc.

Learn to "think laterally" and you'll solve pesky puzzles. These 110 puzzles start out fairly easy and the clues get more and more tantalizingly hard to figure out. They come in five sections: Dangerous and Deadly, Easy and Elementary, Interesting and Intriguing, Chastening and Challenging, and Fascinating and Fiendish. Just when you're on a roll, here comes a "Wally Test," a series of rapid-fire questions to make sure you're paying attention.

96 pages, 25 b/w illus., 5 3/8 x 8 1/4.

The Science Of Lateral Thinking Puzzlewright

Do you like to solve riddles, puzzles and brain teasers? Do you think outside the box? Are you creative? Do you like to be challenged? If you answer yes to any of these questions then this book is for you! In this book you will be captured by pirates, measure time through burning a rope, look at a 4-dimensional cube, be involved in a gun duel, decide how to cross a bridge, journey through a desert, play poker and be abducted by aliens! This book is a collection of 100+ riddles and brain teasers to test your mathematical intuition. They are mostly quantitative in nature with some logic puzzles to challenge your lateral thinking capabilities. Don't worry you do not have to be a math genius to attempt these, just some standard mathematical knowledge is enough to get you through. There is no word play or trick questions, these riddles come with definite and satisfying answers. Many of these puzzles have been asked by top blue chip companies for job applications and so they are good practice for technical interviews. There are hints provided to guide you if needed and a comprehensive solution for each answer. Bonus related material are also included which touches on a wide variety of interesting topics including physics, philosophy and paradoxes! This book is ideal for those aged 16+ with puzzles ranging from easy to hard difficulty. Even if you are a beginner level, it is a fun and exciting read, the solutions provided will challenge the way you think. It will also not disappoint in giving you those "aha" moments when you discover the solution to a problem. Puzzle books also have the added benefit of improving your overall brain activity, increasing your memory power, keeping you mentally sharp and raising your overall concentration levels. Are you ready to take on the Quant Riddles?

The noted expert selects 70 of his favorite "short" puzzles, including such mind-bogglers as The Returning Explorer, The Mutilated Chessboard, Scrambled Box Tops, and dozens more involving logic and basic math. Solutions included.

Logical Thinking Puzzles Courier Corporation

Do you worry about your memory? Are you looking for a fun way to "exercise" your brain but are not sure how you can do it? Then you need to keep on reading...Tired about forgetting things? Feel like you are always stuck in the same "loop?" Looking for a new way to see your life? Fed up with the same old, boring stories you hear at dinners and get-togethers? If you are ready to expand your thinking and enjoy a good laugh, you have chosen the right puzzle book! Changing how you think about a problem and supporting your brain health does not need to be hard or boring. After reading the puzzles in this book, you will probably find that it is much more fun that you thought it would be! First described in the late 1960s, lateral thinking emerged as a way to approach a situation or a problem in a non-vertical, illogical way. It encourages the participants to think about the situation, not in the step-by-step process of traditional reason, but to look at all the different possibilities, even when they are absurd! Various studies have shown that challenging your reasoning skills in this manner can help you activate parts of your brain that are not often engaged. This extra engagement leads to a healthier state of mind, and even just encouraging you to laugh and smile a bit more. When a scenario is wildly different than the "norm," most people's natural reaction is to laugh or smile at it. Because every story and puzzle in this book offers a unique solution to the situation, you are sure to get some smiling done! Below are several of the highlights you will find inside this book: -Whimsical stories told with engaging situations and characters.-Absurd solutions that are plausible, but definitely unusual!-Silly math equations encouraging you to think outside the traditional, two-dimensional realm.-More than 20 puzzles outlining realistic situations with unbelievable answers.-A couple of one-liners that are great for pulling out at parties and special occasions-sure to generate a laugh.-A couple of morbid stories and scenarios that will make you laugh, but feel a little guilty about it. -Inspiration to begin thinking about your real life more laterally to find unique answers to your life problems, questions, or situations. And so much more! Prior to diving into the first puzzles in this book, stop to think about how you would solve the following question, "A man walks into a bar, the barkeep pulls a gun, the man says, "thank you," and leaves. What happened?" If you are stumped, confused, or unsure of where to start to answer this, then you are ready. If you think you have the answer, comb through the following puzzles to find out if you are right! Think about how fun it will be to not only know how to approach a puzzle like this, but be able to share them with others, too! Even if you are unsure about how to think more laterally, you can engage your brain and train it to see the unusual in the usual. You can find alternate meanings and outcomes to puzzles as you become a more creative thinker. If you are ready to laugh, cringe, smile, be confused, challenged, and smarter, then scroll up and place this book into your shopping cart now!

Lethal Lateral Thinking Puzzles Sterling

A man writes the same number, and nothing else, on 20 sheets of paper. Why? To figure this out--and hundreds of other mind-bending lateral puzzles, too--you'll have to really fire up your brain and imagination. At first, it may not seem as if there's enough information to come up with a solution. But look more closely; there's always more than meets the eye. Check your assumptions, ask good questions, retune your mind, separate the facts from the red herrings, and the answers will come.

Quant Riddles Puzzlewright

Can You Solve This? A family happily welcomed their new twin sons. The boys were named Rory and Cory. After about a year, the parents realized something very strange. Tricky Lateral Thinking Puzzles Sterling

Puzzles - Clues - Answers_

Classic Lateral Thinking Puzzles Sterling Publishing Company, Inc.

"Another scintillating collection of brilliant problems and paradoxes by the most entertaining logician and set theorist who ever lived." — Martin Gardner. Inspired by the classic tale of a prisoner's dilemma, these whimsically themed challenges involve paradoxes about probability, time, and change; metapuzzles; and self-referentiality. Nineteen chapters advance in difficulty from relatively simple to highly complex.

Classic Brainteasers Sterling Publishing Company, Inc.

How well do you think logically? Find out with these puzzles. But don't forget the degree of difficulty increases as you go.

Outstanding Lateral Thinking Puzzles Sterling Publishing Company Incorporated

"A woman walked into a room and there was a new picture there. She immediately knew someone had been killed. How? (The answer : the picture was a chalk outline on the floor) Puzzles like this, each centered on a mysterious murder, will grab puzzle-heads and won't let them go until they find the solution. Two or more can play the game, with one person reading the book and answering the other players' yes-or-no questions. Or solvers can fly solo, thanks to the carefully constructed clues revealed one by one in the text."--Publisher's description.

Mathematical Lateral Thinking Puzzles Sterling Publishing Company, Inc.

Paul Sloane and Des MacHale--the wily puzzle masters who have written several lateral thinking collections--are back with more tear-your-hair-out challenges. And once again, the purpose of their devious conundrums is to force solvers to think outside of the box. Instead of jumping to obvious conclusions, players have to ask lots of questions, use their imagination, piece together the subtlest clues, and come at the problem from a variety of perspectives. Here's how to do it: one person, who knows the solution, takes questions. The answers help narrow down the possible explanations--and the more logic, creativity, and sheer determination that go into the queries, the better the chance of success!

Lateral Logic Puzzles Puzzlewright

Logic is not enough To unravel a lateral puzzle, you have to train your brain to think differently. Ranging from (relatively) easy to fiendishly hard, these classic conundrums--almost 100 of them--require mental agility. Can you figure out these problems from only the vaguest details and yes-or-no questions? It's challenging, imaginative fun. This revised edition features entirely new illustrations

Lateral Thinking Puzzlers Sterling Publishing Company, Inc.

"We never grow tired of good news how come' mysteries of this kind....These story brainteasers are often solved in groups...with solvers asking yes-or-no questions of the puzzle poser (the one holding this book, perhaps). A novel feature of this volume is a Clues' section containing sample questions and answers, allowing you to play along solitaire."--Games World of Puzzles. 96 pages, 24 b/w illus., 5 3/8 x 8 1/4.

Challenging Logic Puzzles Sterling Publishing Company, Inc.

Can You Solve This? A family happily welcomed their new twin sons. The boys were named Rory and Cory. After about a year, the parents realized something very strange.
