Why would someone write a book on Mind Control? Because as much as we try to

elevate ourselves above being human animals we are, in fact, animals. We are subject to the wants and desires of any being with a genome and vertebrae. To rise above that is an admirable and a task we should take on as a worthy spiritual endeavor. But to deny that we are, truly, animals is to lie to ourselves. We must deal with people who may not be so enlightened advanced as we are. They may desire what we have and be secretly filled with envy and contempt. The worst event is to have these suspicions fulfilled and then be pulled down into the politics of man. Do we deny that it's happening and hope others will be touched by our honesty and good will enough to change? Or do we drop our highest spiritual ideals and play their game? I would like to suggest a radically different strategy. Take the game of manipulation and Mind Control and make it a part of your spirituality.

As well as being an incredible stage performer, a brilliant writer and a talented painter, Derren Brown is also a fantastic street photographer. Here, for the first time, is a selection of his work. As

he writes of his passion: 'Street photography is a fitting refuge for those who look at life from a distance. It both sanctifies our remoteness (by offering the standpoint of the observer) and challenges it, insisting we approach with a spritely curiosity. It offers a safe route back into the world: the camera is an entry ticket to daunting social situations and extraordinary environments where we might otherwise feel entirely out of place. Suddenly we have a role: a reason to be

present. And for those of us smitten by its appeal, it provides a means of fortifying and forgetting ourselves, while extending out into the world with a controlled compassion.'

Sharon Marshall worked on four tabloid newspapers over the course of ten years. Along the way she did and saw some Very Bad Things, and failed - spectacularly - to find love. It was only when she realised

that these two things were connected that she finally realised it was time to quit. In her hilarious and eye-opening memoir she reveals what really goes on behind the scenes at a major tabloid newspaper - just how far journalists will go to get a story, and just how far celebrities will go (secretly) to get their name in the headlines. In the tradition of Hotel Babylon and City Boy, TABLOID GIRL is a smart, funny, revealing look into a fascinating world.
