*Automobile Abstracts* Cars & Parts Pub  
Help your business stand out and grow its potential with this two-book collection of essential guides to creating a sticky brand and keeping the human touch in business. Includes: *Sticky Branding: 12.5 Principles to Stand Out, Attract Customers, and Grow an Incredible Brand* Stand out, attract customers and grow your company into a sticky brand. *Sticky Branding* provides practical, tactical ideas of how mid-market companies — companies with a marketing budget, but not a vast one — are challenging the status quo and growing sticky brands. *Touch: Five Factors to Growing and Leading a Human Organization* For better or worse, digital business has fundamentally changed how organizations hire, market their services, and connect with stakeholders. The problem is, in an effort to use technology to connect more effectively, we have lost the humanity — that critical person-to-person connection. This book will show you how to restore that connection.  
*How to Build Altered Wheelbase Cars* Veloce Publishing Ltd  
Examining the development of the popular ½-ton American pickup truck during the 60s, this book includes the numerous new alternative designs and engineering approaches. This volume also contains specifications, industry facts and figures, and optional equipment, via detailed text and previously unpublished images.

Beginning in 1985, one section is devoted to a special topic

*Michigan Roads and Construction* Dundurn  
*American Light Trucks and Utility Vehicles, 1967-1989* Every Model, Year by Year McFarland

*Dodge - Plymouth Trucks 1989-91* McFarland

The truck's role in American society changed dramatically from the 1960s

through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.

Highly illustrated, a variety of manufacturers and types feature here - sure to please any die hard die-cast fan. *The Commercial and Financial Chronicle* Lulu.com

Author Steve Magnante is well known for his encyclopedia-like knowledge of automotive facts. The details he regularly puts forth, both on the pages of national magazines and as a contributing host and tech expert at the popular Barrett-Jackson Auctions on television, are the kinds of things muscle car fanatics love to hear. There are 1001 well-researched muscle car facts in this book that even some of the most esteemed experts would be surprised to learn. Covered are all the popular GM makes including Chevy, Buick, Oldsmobile and Pontiac, Ford and Mercury cars, Chrysler, Plymouth and Dodge cars, and even facts about AMC and Studebaker as well. Fans of these collectible cars will appreciate the technical and entertaining information shared on every page about all of the great American muscle cars. Whether you're an avid collector of multiple American muscle cars, the owner of one shining example, a trivia buff who wants to stump your friends, or just a fan of the big and powerful rear-wheel-drive

rides of the 1960s and 1970s, this book is an informative and entertaining collection of facts from one of the industry's most beloved and respected sources.

*American 1/2-ton Pickup Trucks of the 1960s* Gibbs Smith

For better or worse, digital business has fundamentally changed how organizations hire, market their services, and connect with stakeholders. The problem is, in an effort to use technology to connect more effectively, we have lost the humanity — that critical person-to-person connection. This book will show you how to restore that connection.

**Third series** Dundurn

In *How to Build Altered Wheelbase Cars*, renowned writer Steve Magnante first walks readers through the colorful history of the altered wheelbase period and then shows them how to perform these radical modifications themselves. Magnante's fun and colorful style makes for entertaining reading, and the coverage of floorpan mods, chassis alterations, and both front and rear suspension upgrades are covered in great detail on three different chassis types. After reading this book, the basic technical tenets of altering vehicle wheelbase will be understood and the almost mythical legend surrounding such cars will be fully realized. What were once considered "race only" modifications can now be civilized for street use, and Magnante carefully reviews all of the relevant points for optimal appearance, performance, and safety.

Vintage camper trailers are a unique symbol of midcentury America that resonates with many people. This book introduces many of those people, along with the trailers they've lovingly maintained or restored. It includes hundreds of photographs of everything from fancy and comfortable trailers designed for glamping (glamorous

camping), to trailers handed down through families across generations, and even entrepreneurs who have transformed their trailers into vending booths. Paul Lacinola enjoys everything about vintage camper trailers, including rescuing, restoring, and rallying. In 2011, he began publishing the first U.S.-based magazine for collectors, restorers, and admirers of American-made camper trailers, *Vintage Camper Trailers*, which now has thousands

of subscribers in more than a dozen different countries. He lives in Elverta, California.
