un enfoque estratégico para la competitividad Ecoe Ediciones

Basic accounting skills are necessary tools when dealing with finance. Understanding the basic concepts and methods used in accounting is a critical tool in the organizational skills. Managing your money is an absolute necessity in any line of business. Knowing how to keep track of your actions, make projections, and set up budgetary limits, are useful tools and key factors on the way to success.

War Without Quarter John Wiley & Sons

Pulitzer Prize-winning author Samuel Eliot Morison traces the roots of American universities back to Europe, providing "a lively contemporary perspective...a realistic picture of the founding of the first American university north of the Rio Grande" [Lewis Gannett, New York Herald Tribune].

Advanced Concepts and Cases McGraw-Hill/Irwin

Make the right decisions with Horngren/Sundem/Stratton! Horngren/Sundem/Stratton's best-selling texts emphasize decision-making throughout each chapter. Decision-making is introduced in the early text chapters and also appears in many of the text features: "Making Managerial Decisions" boxes, critical thinking exercises, and more. As always, students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. Two text versions enable faculty to select a text that only covers management accounting concepts (Chs. 1-14) or one that includes three chapters of financial accounting review (Chs. 1-17). New OneKey provides the convenience of having all text resources in a single location and available in your choice of course management platform: BlackBoard, WebCT, and CourseCompass. OneKey also includes PH Grade Assist on-line homework with automatic grading and infinite practice for students).

Investigacion en Administracion en America Latina Universidad del Norte

In the newly updated edition of this classic empowerment business fable—over 400,000 copies sold—Ken Blanchard and John Carlos show you how to shift to an empowered, employee-driven work environment. Empowerment Takes More Than a Minute tells the story of a young manager whose attempts to turn his troubled company around through traditional top-down, command-and-control

management are failing. Reluctantly, he contacts an expert in empowerment, even though he feels like he's already tried that approach. Step by step, the expert helps him understand why his past and present efforts have fallen short and figure out what he needs to do to create an empowered workforce. The process as it unfolds is complex, paradoxical, and counterintuitive—but well worth the effort. This new edition dispels the notion that empowerment is a bygone fad. No matter what its name, the essential concept—that organizations can achieve extraordinary results by recognizing and taking advantage of the skills, experience, and knowledge already existing in the organization—will always be relevant. Although sometimes arduous, the journey to empowerment is well worth embarking on. In fact, unleashing the power of people in an organization may be the only way to continue to do business in a competitive, complicated marketplace.

Gestión de costos en salud Ediciones de la U

This author-written guide provides students Quiz and Test Hints, Matching questions, Fill-in-the-Blank questions (Parts A & B), Multiple-Choice questions, True/False questions, Exercises, and Problems for each chapter. Study Guide, Chapters 16-27 for Warren/Reeve/Duchac's Financial and Managerial Accounting, 10th Prentice Hall

Expone el desarrollo de la contabilidad como sistema de información, el rol del gerente o administrador de la entidad de salud, metodología para calcular los costos de salud y planificación con el fin de obtener los mejores resultados en gestión clínica, calidad asistencial y el beneficio por encima de todo del paciente. En esta segunda edición el autor aborda la compleja evolución, desde la perspectiva del cambio en el proceso administrativo y económico-financiero de los sistemas de salud y la gestión de los hospitales y lo convierte en un ejercicio de mejora permanente de los procesos, en función de obtener la mejor información posible, tendiente al buen uso de los recursos lo que se refleja en la efectividad de las intervenciones y la calidad de atención, objetivos centrales que debe perseguir, hoy por hoy, cualquier institución de salud moderna.

The Founding of Harvard College Universidad del Norte

Microorganisms comprise the greatest genetic diversity in the natural ecosystem, and characterization of these microbes is an essential step towards discovering novel products or understanding complex biological mechanisms. The advancement of metagenomics coupled with the introduction of high-throughput, cost-effective NGS technology has expanded the possibilities of microbial research in various biological systems. In addition to traditional culture and biochemical characteristics, omics approaches (metagenomics, metaproteomics, and metatranscriptomics) are useful for analyzing complete microbial communities and their functional attributes in various environments. *Metagenomics and Microbial Ecology: Techniques and Applications* explores the most recent advances in metagenomics research in the landscape of next-generation sequencing technologies. This book also describes how advances in sequencing technologies are used to study invisible microbes as well as the relationships between microorganisms in their respective environments. Features: Covers a wide range of concepts, investigations, and technological advancement in metagenomics at the global level. Highlights the novel and recent approaches to analyze microbial diversity and its functional attributes. Features a range of chapters that present an introduction to the field and functional insight into various ecosystems.

un enfoque estratégico para competir McGraw-Hill/Irwin

Ofreciendo un mayor espacio de estudio y análisis a las empresas comerciales y de servicios, las de mayor auge, esta segunda edición actualizada y aumentada, brinda al lector herramientas para el desarrollo de habilidades en la toma de decisiones gerenciales y para el control de gestión. A partir de una fundamentación conceptual sólida y acompañado con una amplia gama de ejercicios, basados en casos vigentes del sector empresarial, el texto aborda temas como clasificación de costos, relación costo-volumen-utilidad, toma de decisiones a corto plazo, gerencia estratégica de costos y evaluación, teoría de restricciones y fijación de precios de transferencia interna, entre otros. Además, se encuentra enfocado al proceso de enseñanza-aprendizaje de carreras afines al área económica, contable y administrativa y sirve como guía de consulta de profesionales que quieran profundizar en este campo de la administración.

The Bar and Beverage Book explains how to manage the beverage operation of a restaurant, bar, hotel, country club—any place that serves beverages to customers. It provides readers with the history of the beverage industry and appreciation of wine, beer, and spirits; information on equipping, staffing, managing, and marketing a bar; and the purchase and mixology of beverages. New topics in this edition include changes to regulations regarding the service of alcohol, updated sanitation guidelines, updates to labor laws and the employment of staff, and how to make your operation more profitable. New trends in spirits, wine, and beer are also covered.

Activity Accounting IMCP

Actualiza las herramientas y tecnologías ya conocidas de la contabilidad administrativa, así mismo que se constituye en un texto de consulta permanente que proporciona a los estudiantes una exposición de todos los conceptos básicos inherentes al tratamiento de los costos, los presupuestos, los costos ABC, y servirá de apoyo a asignaturas tales como Costos I, Costos II y Seminario de Costos. A profesionales de las ciencias económicas, administrativas, contables, de mercadeo, de ingeniería financiera; tales como finanzas, administración financiera, ingeniería económica, decisiones gerenciales, gerencia estratégica, presupuestos, formulación de proyectos y finanzas corporativas entre otras, por ello inicia su proceso con un manejo de los costos a un nivel elemental, para posteriormente desarrollar toda el proceso de costeo variable y costeo absorbente, de manera que el lector adquiera las destrezas y competencias adecuadas para una excelente toma de decisiones gerenciales.

Metagenomics and Microbial Ecology Human Rights Watch

La obra describe el plan presupuestal que se debe preparar en las empresas de transformación o de manufactura; se enfoca en estas organizaciones porque, debido a la naturaleza de sus procesos productivos, contemplan todos los presupuestos que se pueden elaborar en una empresa. Presenta un plan presupuestario completo: desde el presupuesto de ventas hasta los estados financieros proyectados.

Techniques and Applications Harvard University Press

Colombia and International Humanitarian Law South-Western Pub

Family-owned businesses account for many of the small and medium-sized enterprises that exist around the world in various industries. Due to their unique make up, these firms are often heavily influenced by family dynamics that must be reconciled by family and non-family workers alike in order to ensure the sustainability of the business. As smaller businesses competing against an increasingly globalized economy and more directly impacted by economic instability, especially in the wake of the COVID-19 pandemic, these businesses must continue to improve their practices and processes in order to not only survive but thrive. The Research Anthology on Strategies for Maintaining Successful Family Firms discusses the strategies, sustainability, and human aspects of family firms in order to understand what sets them apart from other businesses and how they can survive and compete in a globalized economy. This book discusses the unique dynamic brought by family firms that offers both opportunities and challenges for a growing business. Covering topics such as corporate venturing, the family unit, and business ethics, this text is an essential resource for family firms, entrepreneurs, managers, business students, business professors, researchers, and academicians.

The Bar and Beverage Book IGI Global

New costing procedures for a new economic age Increasing global competition is causing upheaval in every area of industry and commerce. An explosion in the use of advanced technologies is continuing to fundamentally revolutionize the way we go about doing business. These factors are in turn driving dramatic reductions in product life cycles (the average product life cycle is now well

under five years) and exerting tremendous pressure on profit margins. The effect has been to substantially change cost structures with their traditional focus on direct labor and arbitrary allocation of overhead. Yet we continue to measure cost in the old way. Now, here's a book that shows you how to update your accounting procedures in order to effectively accommodate these significant changes. Step by step, *Activity Accounting: An Activity-Based Costing Approach* describes activity accounting in a clear, concise manner. It emphasizes the strengths and benefits of an activity-based approach to business management and demonstrates how you can apply activity accounting to your organization. Activity-based accounting is an essential tool for running your business in the 90s. This book is a must-have tool for learning how to master it.

Presupuestos para empresas de manufactura Penguin UK

Pocas son las empresas que al elaborar su presupuesto lo hacen en forma integral, ya que, por lo regular, lo conciben solo con algunos planes de ventas y gastos, pero se olvidan de la importancia de las estrategias derivadas del análisis FODA para llegar a sus metas y, por ende, a sus objetivos de crecimiento, expansión, diversificación y diferenciación, lo cual les permitirá trascender y permanecer en el gusto del consumidor. Por lo antes expuesto, esta obra busca que las empresas tengan un enfoque gerencial derivado del entorno en que actúan; es decir, que alineen lo cuantitativo y lo cualitativo de las estrategias. Para ello se exponen varios casos prácticos de fácil estudio para adoptarlos en cualquier tipo de organización. Esta nueva edición de *Presupuestos* un enfoque gerencial se enriquece en dos de sus capítulos, que hacen referencia a lo que les hace falta a los enfoques de la calidad total para ser competitivos, y a la planeación y control presupuestal, en un caso real, aspectos, sin duda, relevantes que ayudarán al lector a comprender mejor el tema.
