The author suggests that in this era following the postmodern we have entered a new, monist epoch in which aesthetically mediated belief replaces endless irony as the dominant force in culture. The book documents the "new monism" through an examination of popular films and novels such as American beauty, Life of Pi, and Middlesex as well as in the work of major architects and artists such as Sir Norman Foster, Andreas Gursky, and Vanessa Beecroft. --book cover.

This is the question that fills the minds of the inhabitants of Saumur, the setting for Eugénie Grandet, one of the earliest and most famous novels in Balzac's Comédie humaine. The Grandet household, oppressed by the exacting miserliness of Grandet himself, is jerked violently out of routine by the sudden arrival of Eugénie's cousin Charles, recently orphaned and penniless. Eugénie's emotional awakening, stimulated by her love for her cousin, brings her into direct conflict with her father, whose cunning and financial success are matched against her determination to rebel. Eugénie's moving story is set against the backdrop of provincial oppression, the vicissitudes of the wine trade, and the workings of the financial system in the aftermath of the French Revolution. It is both a poignant portrayal of private life and a vigorous fictional document of its age.

It is the early fifteenth century and as winter falls away the people of Albania know their fate is sealed. Their refusal to negotiate with the Ottoman Empire means war is now inevitable. Soon, dust kicked up by Turkish horses is spotted from a citadel. Tens of thousands of men begin to fill the plain below. The Siege tells the enthralling story of the weeks and months that follow—of the exhilaration and despair of the battlefield, the shifting strategies of war, and those whose lives are held in the balance. For those trapped inside the citadel, and for the Pasha, the artillerymen, astrologer, blind poet and his harem of women outside, the siege is inescapable and increasingly oppressive. From this dramatic setting Kadare has created one of his masterpieces, a profound novel that is as moving as it is compelling. It is an unforgettable account of the clash of two civilisations and a timeless depiction of individual pain, uncertainty and fear. Kadare is one of our most significant writers.

Masterful in its simplicity, Chronicle in Stone is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy’s eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy’s story are tantalizing fragments of the city’s history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

The new book from the winner of the inaugural International Man Booker Prize is a modern-day love story of powerful obsession set against the background of dark political intrigue. Few aspects of American military history have been as vigorously debated as Harry Truman's decision to use atomic bombs against Japan. In this carefully crafted volume, Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons, surveys the major debates related to that decision, and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II. Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945. He then provides a historical overview of thye events in question, beginning with the decision and program to build the atomic bomb. Detailing the sequence of events leading to Japan's surrender, he revisits the decisive battles of the Pacific War and the motivations of

In this autobiographical novel, Albania’s most renowned novelist and poet Ismail Kadare explores his relationship with his mother in a delicately wrought tale of home, family, creative aspirations, and personal and political freedom. “Houses like ours seemed constructed with the specific purpose of preserving coldness and misunderstanding for as long as possible.” In his father’s great stone house with hidden rooms and even a dungeon, Ismail grows up with his mother at the center of his universe. Fragile as a paper doll, she finds herself at odds with her tight-lipped and wise

mother-in-law who, as is the custom for women of a certain age, will never again step foot over the threshold to leave her home. Young Ismail finds it difficult to understand his mother's tears, though he can understand her boredom. She told him the reason herself in a phrase that terrified and obsessed the boy: "The house is eating me up!" As Ismail explores his world, his mother becomes fearful of her intellectual son—he uses words she does not understand, writes radical poetry, falls in love far too easily, and seems to renounce everything she believes in. He will, she fears, have to exchange her for some other superior mother when he becomes a famous writer. *The Doll* is a delicate and disarming autobiographical novel, an exploration of Kadare's creative aspirations and their tangled connections to his childhood home and his mother's tenuous place within it.
